The following, extracted from Capt Hartke's OD Report dated 6 May 64, is quoted for your information:

1830 hours, Received call from [REDACTED] (b) in Yellow Springs. She reported that [REDACTED] (b) a worker on her farm, found 2 pieces of aluminum approximately 4' X 5' painted green and yellow on her farm. I told her that I would check into the matter and that I would accept the charge for the phone call. However, the exchange supervisor informed me that the call was placed on automatic equipment and would be charged to Mrs. [REDACTED] bill. I called the ASD Command Post who called Mr. [REDACTED] and turned the matter over to the Base Command Post. Contact Airman Sargent for any other details.
